

GET YOURSELF AN UPGRADE FOR YOUR LIFE: EXPAND THE BOX

„Expand The Box installs swinging doors through walls that previously appeared to be impenetrable.“

Expand The Box is a 3-day safe learning environment where you work as a team to enter new territory and discover hidden fields of human possibility. The key to these discoveries lies in the extraordinary thoughtmaps, tools, techniques, and processes of Possibility Management. Learning occurs through practicing new forms of experiencing and creating. You will train in the safest of conditions where you can make maximum mistakes with only positive consequences.

EXPAND THE BOX will give you the possibilities to:

Consciously apply the energy of anger, sadness, fear and joy for reaching your goals

Ignite your vision with unquenchable inspiration and take your next steps with courage

Be centered, present and effective even in rapidly changing or chaotic environments

Shift what is happening right now into a learning journey for yourself and the people in your environment

Establish authentic contact with fellow human beings, communicating with clarity and passion

To stay in the present, dismantle the buttons that can be pushed in you

Expand The Box is a paradigm shift. It's a training where you **reinvent who you are**, where you learn things you were not taught in school.

Expand The Box will come to the US:

March 15-17, Falls Church, VA; March 22-24, Oakland, CA; March 29-31, Eugene, OR

Your Trainers:

Georg Pollitt & Katharina Kaifler are Possibility Management Trainers from Switzerland. By following their impulses they build an alive and extraordinary Team. Creating and navigating transformative conversations and deep healing Spaces is their profession and gift.

The effect: „Hearts are growing bigger and selfs are growing up“.
